

November, 2017

Dear Friend of Wellspring,

We take this time to give thanks for the many blessings that come to us. As a non-profit educational organization, Wellspring has been blessed and has shared its blessings with the greater community for over 35 years.

Our mission is to inspire and teach people to grow, prepare and eat healthy food in order to transform the food system and build community. As a teaching farm, we have trained over 100 gardeners and farmers. Wellspring has been a CSA farm for 30 years. This year alone the farm shared fresh organic produce with 135 households. Even more people were reached through farmers' markets and local restaurants.

Hundreds of people have used our Retreat and Conference Center, participating in a diversity of classes and workshops. Many school children came on field trips to do some gardening and explore nature. With over 30 acres of river trails, meadows, prairies, gardens and woods, there is lots to explore. Others who stayed overnight in our B&B and Hostel enjoyed cozy accommodations, beautiful grounds, warm hospitality and Wellspring food.

We hope you can share our pride and joy in this 35 year history. Perhaps you have been a recipient of our services at one time or another. We do what we do because of the many volunteers, board members, farm shareholders, donors, guests, friends and staff who make this possible.

We invite you to give thanks with us by making a generous tax deductible donation. By doing so, you will contribute to people's good health, help preserve a large natural environment, support the training of people in sustainable skills and provide a haven for respite and rejuvenation. With your contribution, you can feel ownership of Wellspring's mission and share in its blessings.

Please fill out the form below and return to Wellspring. Consider giving a subscription of farm produce or an overnight in Wellspring's B&B as a holiday gift. (Gift certificates are available.) Anyone who gives \$50 or more will receive a unique reusable Wellspring grocery bag designed by our intern.
